Workshop on Parallel Computing using HPCC

21st – 22nd March, 2013

Organized by

Department of Physics, Panjab University, Chandigarh

The computational requirements of the Theoretical and Experimental Physics have increased manifold within the last few years. The HPCC facility was created to help ease out these compute intensive problems by using parallel paradigm.

Topics:

- *Architecture*
- *Programming*
- *Environments*
- *Optimization*
- *Applications*

Organizing Committee:

- Prof. C.S. Aulakh
- Dr. V. Bhatnagar
- Dr. A. Kumar
- Dr. S. Srivastava
- Dr. K. Kumar

Registration Deadline: 18th March, 2013, *Registration Fee:* Rs. 400
