

# 5<sup>th</sup> IAPT National Student Symposium on Physics

**Indian Association of Physics Teachers**

and

**Department of Physics, Panjab University, Chandigarh**

**November 10-12, 2017**

*To foster a culture of innovation and creativity among the young students, IAPT has instituted the annual National Student Symposium on Physics (NSSP). The yearly series started in 2013 in collaboration with the Department of Physics, Panjab University, Chandigarh. The Symposium provides a national forum to young students to present their new ideas and innovative work at an early stage of academic career. The fifth in the series, NSSP-2017, will be held during November 10 - 12, 2017.*

**Invited Talks by Experts**

**Oral Presentations by the Students**

**Poster Presentations by the Students**

**Visit to Research Laboratories**

*The undergraduate and postgraduate students with physics background can apply for the symposium latest by **October 15, 2017**. Registration fee of Rs. 600 shall be collected from selected participants. Local hospitality and free accommodation shall be provided to all students. Limited travel support (bus or sleeper class by train) may be given to few selected participants. More details will be made public soon.*
