

# Workshop on Contemporary Trends in High-Energy Physics and Experimentation

10-11 March 2014

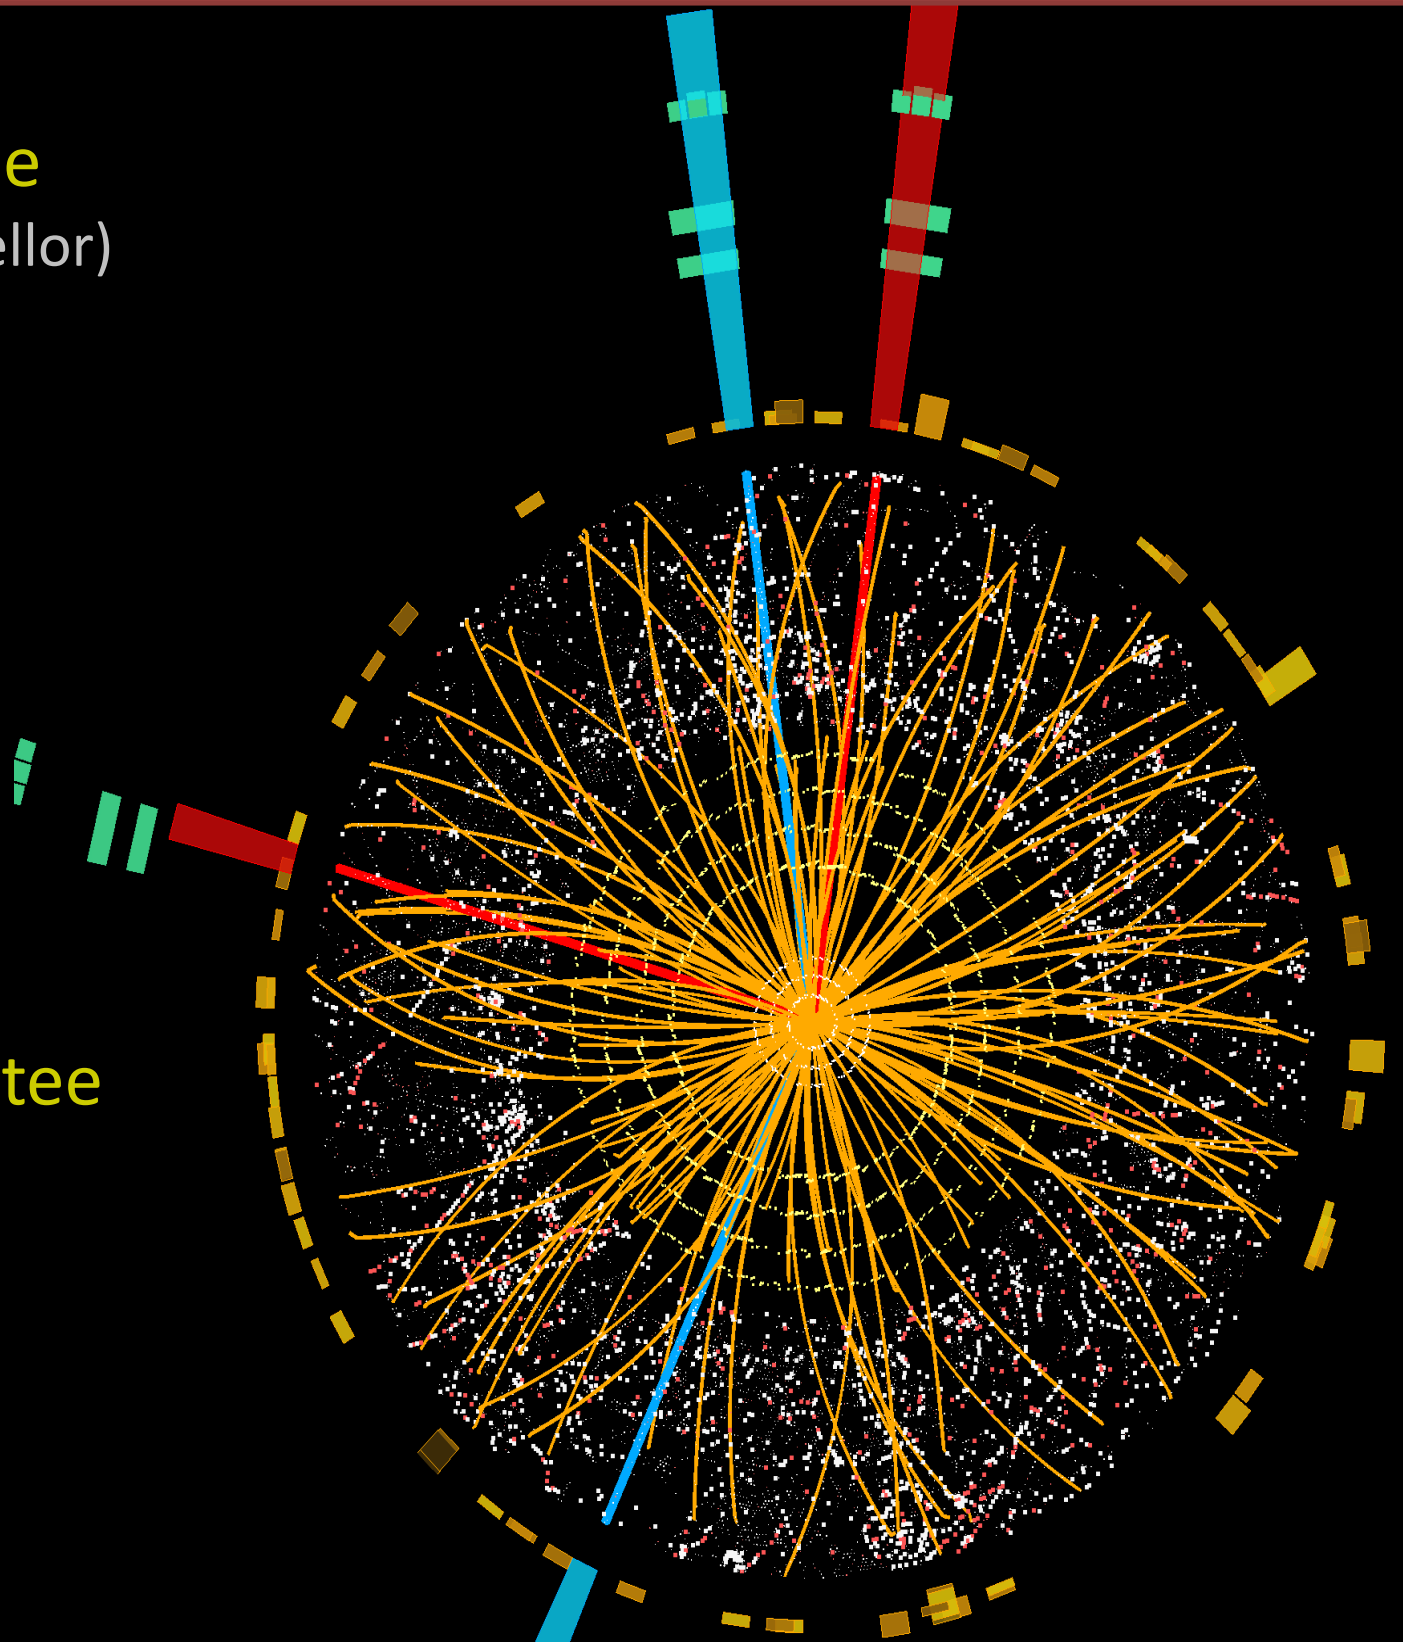

Department of Physics, Panjab University, Chandigarh

## Local Advisory Committee

Prof. A.K. Grover (Vice-Chancellor)  
Prof. C.S. Aulakh  
Prof. V.P. Singh  
Prof. D. Mehta  
Prof. N. Goyal  
Prof. J.B. Singh  
Prof. S.B. Beri  
Prof. M.M. Gupta  
Prof. M.M. Aggarwal  
Prof. A.K. Bhati

## Local Organising Committee

Prof. Manjit Kaur (Convenor)  
Prof. C.N. Kumar (Secretary)  
Dr. Vipin Bhatnagar  
Dr. Sunita Srivastava  
Dr. Kuldeep Kumar  
Dr. Bimal Rai

The objectives of the two-day workshop is to provide a common platform for interaction for physicists who are in search of new ideas and aspirations in the field of high-energy physics. Focus will be on recent Higgs discovery, neutrino and flavor physics, cosmology, search for quark-gluon plasma and applications of HEP for the benefit of society.
